**PLEASE READ THE FOLLOWING INFORMATION AND COOPERATE WITH THE NTU PREVENTIVE MEASURES.**

1. Take preventive measures (e.g. wear a facemask, wash your hands, etc.) when you come in close contact with your friends, family, or your roommates.
2. When possible, lower the chances of going to public places; when in any public area, take the necessary preventive measures (e.g. wear a facemask, wash your hands often, etc.).
3. Wash hands frequently with soap and water or with an alcohol-based hand sanitizer.
4. When common cold-like symptoms (fever, shortness of breath, coughing, running nose, chills, muscle ache, etc.) occur, use a handkerchief or tissues to cover the mouth and nose in order to reduce the risk of spreading germs.
5. When common cold-like symptoms occur, please call 1922 government infection control hotline, and follow the instructions for medical assistance. Please also contact your department or host to report to NTU Health Center.
6. According to the Medical Care Act and relevant epidemic prevention regulation, National Taiwan University(NTU) will collect, process and use the above personal data to meet the purpose of public health and communicable disease control, health and medical services and the other legal duties. You are entitled to exercise the related rights according to Article 3 of Personal Data Protection Act. NTU will properly protect the above personal data in accordance with Personal Data Protection Act. You have consented and understood the purpose of collection, processing and use of the personal data from NTU.

I certify that I have read the information above and will cooperate with the NTU preventive measures and have consented to provide my personal data.

Signature: \_\_\_\_\_ Date(day/mo/yr): \_\_\_\_\_
